Great home on a Quiet Cul-De-Sac!

Come see this home! It's a hard to find a 3 bed, 2 bath, tri-level home with a large homesite AND on a Cul-De-Sac. This home has newer LVT flooring, a Newer Furnace, 2 car Garage, a new deck and even has the original wood burning fireplace.

This home is Bright, Open and Inviting. The natural light is abundant throughout the entire main floor creating such a wonderful feel. Find an open eat in kitchen with Granite countertops, Stainless appliances and an open pass through into the living room. Most certainly the place where friends and family will love gathering.
